RIVIERA BEACH

that leads to healthier and more varied enjoyment, for the summer pleasure seeker. Riviera Beach with its unusual facilities for entertaining the vacationer, has established for itself a reputation of being the ideal.

An Environment of Refinement Has Been Created Here

Aside from the fact that Riviera Beach can offer more in the field of entertaining, pure contentment and enjoyment, there is the financial side to be viewed. A large number of representative Baltimoreans have built and are building permanent homes here at Riviera to the amount of over half a million dollars. Over \$600,000.00 worth of lots have been sold.

You, then have no chances to take. Riviera Beach is a thoroughly established community. Everything that is necessary to make a waterfront community desirable, has

been done. But an inspection by you remains to convince you that your Summer home should be located here.

There is a Protestant and Catholic Church right on the property. Living necessities such as bread, ice, milk, etc. are delivered right to your back door. Among the pleasures to be found here are an excellent bathing beach, a large playground for children, tennis courts, baseball diamond and a basketball court. Cool breezes coming in from over the Chesapeake Bay, make Riviera Beach the most delightful place in which to live.

How To Go — Drive down Annapolis Boulevard beyond Glenburnie, turn left at Lippin's corner on Mountain road; continue on same for 2 1/2 miles to small bungalow in grove of trees on left-hand side of the road; here turn left and drive straight through to the Bay Front, or by Boat: Call us and we will be glad to mail you ticket. Boat leaves foot of Broadway at 2 P. M. Daily.
